Chapter 7: Owner-Occupied Rehabilitation Application Forms and Instructions

IMPORTANT NOTE: the application deadline for Owner-Occupied rehabilitation application is July 29, 2011. All applications must be received by 5:00 PM on July 29, 2011 in order to be eligible. Owner-Occupied Rehabilitation applications are not accepted in the first round of NAHP applications on May 6, 2011. A pre-application may be submitted by February 25, 2011, as well as an optional application review due April 8, 2011.

I. Eligibility

A. Eligible Applicants

Eligible applicants are local units of government. Local units of government also currently participating in the Community Revitalization program are also eligible to apply (*new for 2011 program year).

B. Eligible Activities

1. Rehabilitation (including rehabilitation which promotes energy efficiency) of residential owner-occupied homes.

2. Special projects directed to the removal of material and architectural barriers, which restrict the mobility and accessibility of elderly and handicapped persons.

3. Payment of reasonable administrative costs related to implementing the program.

Activities eligible for assistance under these guidelines are authorized in Section 105(a) of the amended 1974 HCD Act for the CDBG Program.

The Department may award NAHTF or HOME funds to specific projects if the project is selected for funding and CDBG funds are not sufficient to fund the owner-occupied rehabilitation projects selected. The applicant, the activities, and the project, even if funded with NAHTF funds or HOME funds, must be CDBG eligible. In order to ensure a diversity of project types awarded in each Investment Zone, the Department reserves the right to limit the amount of funds awarded for owner-occupied rehabilitation programs. This amount will be no less than the amount of CDBG funds available in the 2011 Nebraska Affordable Housing Program.

C. Ineligible Activities

Any activity not specifically authorized under Eligible Activities is ineligible to be carried out with NAHP funds. This section further identifies ineligible activities.

1. Furnishings and personal property not an integral structural fixture including the purchase of equipment, fixtures, and motor vehicles.

2. Mobile homes, as defined by the Department.

3. The following activities, if not directly related to eligible housing activities including, but not limited to, housing education, acquisition of property and easements, public facilities development or improvements, relocation, clearance, and demolition.
D. Eligible Costs

1. **Rehabilitation**: This includes the alteration, improvement or modification of an existing structure. Rehabilitation may include adding rooms, which are not dwelling units, outside the existing walls of a structure. **Conversion**, a type of Rehabilitation, is changing the use of an existing structure to one of affordable residential housing. Units cannot be added beyond the building envelope.

2. **Reconstruction**: This refers to rebuilding a structure on the same lot where housing is standing at the time of project commitment. NAHP funds may be used to build a new foundation or repair an existing foundation. Reconstruction also includes replacing a substandard manufactured house with a new manufactured house. During reconstruction, the number of rooms per unit may change, but the number of units may not.

3. **Demolition**: In a targeted revitalization, demolition of an existing structure may be funded as a support activity to rehabilitation only if construction will begin on the replacement unit within 12 months of demolition within the community.

4. **Relocation Costs**: Both permanent and temporary relocation assistance are eligible costs. Staff and overhead costs associated with relocation assistance are also eligible.

5. **Housing Management/Project-related Soft Costs**: Housing Management/Project Soft Costs must be reasonable. These costs include the following: finance-related costs; credit reports, title binders and insurance; surety fees; recordation fees, transaction taxes; legal and accounting fees, including cost certification; appraisals; environmental reviews; builders’ or developers’ fees; architectural, engineering and related professional services; homeowner counseling; project audit costs; affirmative marketing and fair housing services to prospective tenants of an assisted project; and staff costs directly related to projects.

E. Eligible Properties

NAHP funds may be used for one-unit properties that are privately owned. All units must be owner-occupied.

F. Grant Amounts

The maximum grant amount is $250,000. This amount is to be used as a guideline. Amount of award will be determined on a case-by-case basis with consideration given to the number of applications and scoring and ranking criteria.

II. Application Instructions and Forms

This section contains all forms and exhibits to be submitted so that your application can be scored and ranked effectively. Application narratives should be thorough and concise. The Department reserves the right to verify all information and to consult with other agencies on the proposed project.

Generally, there are more applicants requesting funds than there are funds available. Applicants must carefully read and review the 2011 Housing and Community Development Annual Action Plan and NAHP Application Guidelines Chapters 1, 2, 3, and 7 to develop a competitive application.
A. Verified Information
The Department may contact the applicant for further information on any thresholds. The Department may non-select an application if any or all of the following thresholds cannot be verified. You are not required to submit this form with your application, but it should be used as a checklist to help ensure you have included all required information.

Part II. Funding Summary Instructions

- Round all dollar amounts to the nearest dollar.
- Enter the dollar amounts into the appropriate boxes in the funding summary table.
- Describe ALL other funds, including funds provided by the homeowner, lenders, builders, etc.
- If you have any questions about Activity Codes direct them to NDED.
- Support activities are activities that are only allowed to be funded with NAHP in conjunction with primary activities. Support activities include, but are not limited to: infrastructure costs, relocation, demolition, and homeowner rehabilitation.
- The Part II. Funding Summary should correlate with the Part III. Project Budget & Financing.

The Department reserves the right to non-select an application at any point during the review process if the applicant does not have the full funding commitment of all other key investors prior to application due date.

*Note: Table does not calculate totals.*

[^1^] Relocation is a support activity and must be done in conjunction with a targeted revitalization program.

[^2^] Housing Management/Project-related Soft Costs (excluding paint testing, risk assessments, and clearance testing) recommended maximum is 10% of the total CDBG funds.

[^3^] Paint testing, risk assessments, and clearance testing are not subject to the *recommended* maximums but are limited to $1,500 per unit and supporting documentation must accompany the application.

[^4^] General Administration recommended maximum is 8% of the total CDBG funds.
One Page Project Summary Instructions
Include a one-page summary of the proposed project.

Part III. Project Budget and Financing
Provide a detailed budget for the proposed program, including program costs, housing management (also referred to as housing administration or project soft costs) and general administration. The budget should include 1) costs for each item, and 2) the proposed or likely funding source for each item. Include the cost per unit for housing management and general administration costs.

Program Costs
List for each activity the major costs by line item. Major line item costs for Housing Management include “soft” costs such as providing homeowner education; architectural, engineering, legal fees; appraisal costs; housing inspection fees and other expenses to carry out the housing program. Program costs are the "hard" costs of acquisition, rehabilitation or construction costs. The total line item costs for each activity must equal the totals by activity shown on Part II.

Administration Costs
Housing Management (activity number 0580)
The project related soft costs, or housing management, budget should include all costs of administrative and support activities for the housing proposal except construction costs and the actual costs of real property acquisition, demolition, clearance, etc. Paint testing, risk assessments and clearance testing are project–related cost but are subject to the $1,500 NAHP funds per unit maximum.

Major line item costs under the housing management activity may include but not limited to program design (i.e. finalizing housing program guidelines), program promotion, application review, office rent, supplies, homeowner education counseling. Please state the cost per unit for housing management.

General Administration (activity number 0181)
The general administration budget includes those costs that are administrative in nature and are attributable to the receipt of the award. Common line item costs in this activity are environmental review, audits, labor standards enforcement, preparation of required grant progress reports and draws, etc. If many of the general administration duties are to be performed by local government personnel, it is acceptable to use salaries and benefits as line item costs. However, it should be noted what specific duties are to be performed under the salaries and benefits line item. Please state the cost per unit for general administration.

Proposed Funding Source
All budget items should also indicate the proposed source of funds for that item. NDED understands that the application budget and financing is a proposal only and may vary somewhat during project implementation. Nonetheless, a budget indicating both sources and uses must be submitted.
Part IV. Implementation Schedule
Implementation Schedules forms are available at http://www.neded.org/content/view/109/241/.
You must use this form and attach to your application.

1. List the target(s) for your project. The target must contain 1) the number of proposed units, 2) the income of those affected, 3) the type of program, 4) where the target will be achieved, and 5) date the project or program will be fully completed and verifiable.

2. List all proposed due dates for sections required by program type.

The more details that can be provided about the actual project, the methods used to achieve the project, and information about the persons responsible for project implementation and development will benefit the applicant in the NDED application review process.

Part V: Project Design and Impact
Answer the following questions by checking the appropriate boxes and answering the following narrative questions (in italics), if provided, on separate pieces of paper. Please include the questions along with all applicable answers. For sections that ask for more information in the form of an exhibit, please include the exhibit in Part X of the application.

**Part V. Proposed Homeowner Rehabilitation Program Guidelines & Program Income Reuse Plan**

Please include board approved proposed homeowner rehabilitation program guidelines for the proposed project. On a separate sheet, attach the proposed Program Income Reuse Plan. **Please list the page number and paragraph location to identify where all sections below are located within the guidelines.**

**Proposed Homeowner Rehabilitation Program Guidelines must contain the following information:**

1. Clearly defined Application Process that includes
   a. Applicant eligibility, including income eligibility. Persons assisted with CDBG Homeowner Rehabilitation funds must have incomes at or below 80% of the area median income. The Annual (Gross) Income definition found at 24 CFR 5.609 must be included in the guidelines.
   b. Formal notification of selection and non-selection.
   c. Application review process.
2. Priority Ranking System for selection, if applicable, must not contain discriminatory criteria such as preference for minorities or large families.
3. Conflict of Interest Clause.
5. Process for Amending Program Guidelines, including language that the NDED Program Representatives must approve amendments.
