

**DEPARTMENT OF ECONOMIC DEVELOPMENT: FILM OFFICE GRANT**

Request to Reduce Nebraska Resident Workforce Requirement

WHEREAS Neb. Rev. Stat. § 81-1220(2)(b)(iii) of the Nebraska Film Office Grant requires at least fifty percent of the workforce for a production be comprised of Nebraska residents;

WHEREAS Neb. Rev. Stat. § 81-1220(2)(c) permits the Nebraska Department of Economic Development to lower but not waive the fifty percent Nebraska workforce requirement upon an applicant's request and certification that the fifty percent workforce requirement presents an unreasonable impediment to a Nebraska-based production;

I hereby attest that said fifty percent workforce requirement imposes an unreasonable impediment to the production of \_\_\_\_\_ (production title for which this request applies). Requiring a workforce comprised of fifty percent of Nebraska residents poses an unreasonable impediment for the following reasons (attach any documents, reports, studies, analyses, etc. that support the reasons detailed below):

I therefore request that the Department of Economic Development lower the statutory workforce requirement from fifty percent to \_\_\_\_\_ percent.
