# OVERVIEW

The American Rescue Plan (ARP) includes \$5 billion in funding to aid communities in developing long-term strategies to address homelessness. These funds will be administered through the U.S. Department of Housing and Urban Development’s (HUD) HOME Investment Partnerships Program (HOME) and are referred to as HOME-ARP funds. The State of Nebraska is the Participating Jurisdiction (PJ) for all areas within the State excluding Lincoln and Omaha city limits. The Nebraska Department of Economic Development (NDED) was allocated \$14,907,703 and is responsible for the administration and planning of the HOME-ARP Program. The budgeted amount for State administration and planning is \$2,236,155. Five percent of the allocation (\$745,385) may be funded towards nonprofit operating assistance while an additional five percent (\$745,385) may be funded towards nonprofit capacity building assistance leaving a balance of \$11,180,778 for the development of rental housing.

The map below illustrates Nebraska’s seven (7) Continuum of Care (CoC) regions. NDED’s HOME-ARP service area is the Balance of State (BOS), which is the entirety of Regions 1-5 and the area of Region 7 outside Omaha city limits, which includes Sarpy County and rural Douglas County.

Prior to receiving funding, NDED had to submit an Allocation Plan to HUD for approval. The Allocation Plan describes the consultation process and data collection to evaluate the priority needs and gaps in services for NDED’s HOME-ARP service area and the manner in which program funding will be used for the assistance of individuals or households who are homeless, at risk of homelessness, and other vulnerable populations. With the approval from HUD, it has been determined priority need in NDED’s HOME-ARP service area is affordable rental housing. In addition, nonprofits are also eligible to apply for nonprofit operating and/or capacity building assistance. Any remaining funds in the budget for nonprofit operating and capacity building assistance will be used for the development of affordable housing. All HOME-ARP applicants must follow and be familiar with Nebraska’s Allocation Plan.

#### **Nonprofit operating and/or capacity building assistance:**

There is no minimum award amount.

### Maximum Award Amount

#### **Development of affordable rental housing:**

There is no maximum amount of assistance for HOME-ARP rental housing. The actual subsidy provided will depend on the following factors:

- The proportion of the total project cost that is HOME-ARP eligible. Budgets will be reviewed by NDED for expenses that are reasonable, allocable, and eligible.
- The number of units in the project are HOME-ARP-assisted. Projects will be reviewed for proper allocation of funding for that may have HOME-ARP-assisted and HOME-ARP-unassisted units.
- The financial needs of the project. NDED will review each HOME-ARP project to ensure projects do not receive more subsidy than is required to make them financially feasible.

Nonprofit applicants must submit proof of status.

### **B. Letter of Intent**

All HOME-ARP applicants are required to submit a Letter of Intent to allow NDED to verify eligibility, provide technical assistance, allow sufficient time for application review and plan for scoring. Only full applications, submitted by eligible applicants that have submitted a Letter of Intent by the due date, will be accepted. The Letter of Intent template can be found on the [HOME-ARP webpage](#). **The Letter of Intent is a threshold requirement and due no later than Friday, March 15<sup>th</sup>, at 6:00 p.m. CT. Applications not preceded by a Letter of Intent will not be reviewed, scored or eligible for award. Letters of Intent can be emailed to Kim Jasa Harris, [kimberly.jasa-harris@nebraska.gov](mailto:kimberly.jasa-harris@nebraska.gov).**

A template for the Letter of Intent can be found on the [HOME-ARP webpage](#).

### **C. Site Visit Review and Preliminary Determination of Level of Review**

The completion of the site review form and attachments are a **threshold required** to be submitted prior to the submission of the HOME-ARP application. It is also required the applicant determine the anticipated level of review the project will require. A preliminary DLR will help streamline the review of the Environmental Review Record to ensure the project description is complete and follows 24 CFR Part 58. All HOME-ARP-assisted projects shall be implemented in accordance with environmental review regulations as defined in 24 CFR Part 58.

## D. Market Assessment

A market assessment prepared within the last 12 months of submitting the application is a **threshold requirement** for HOME-ARP rental projects that include market rate and/or low-income units within the project. The market assessment should consist of recent data for the area location of the proposed HOME-ARP project, demonstrate the need for the proposed project type, document the demand for the project in the area, and demonstrate the units will be absorbed within the HOME-ARP deadline and the tenant's ability to pay the proposed rent.

Market assessments for the qualifying populations is not required but encouraged to demonstrate the need for the proposed project in the area.

## E. Eligible Projects:

- Must be an eligible project type in accordance with the HOME-ARP Notice: CPD-21-10.
- Must be located outside of Omaha and Lincoln city limits.
- Utilize the Balance of State coordinated entry system as a project waitlist for units dedicated to the HOME-ARP qualifying populations.
- Project must be able to accept all qualifying populations. Project limitations are ineligible.
- Projects must follow preferences, methods of prioritization and referral methods as described in Nebraska's Allocation Plan.

## F. Eligible Property Types:

Eligible HOME-ARP rental housing includes "housing" as defined at 24 CFR 92.2, including but not limited to:

- Single-family units
- Multi-family units
- Manufactured housing
- Single room occupancy (SRO)
- Permanent supportive housing

## G. Ineligible Property Types

Unless the following property types are acquired and rehabilitated into HOME-ARP rental housing, they are ineligible:

- Emergency shelters
- Hotels and motels
- Nursing homes
- Residential treatment and correctional facilities
- Halfway houses

## H. Matching or other leveraged funds

### Cash Match Requirements

Cash match is not a requirement for HOME-ARP rental projects, but applicants will be awarded points for contributing to the investment of the project.

### Leverage Requirements

Leveraged funds are other resources used to finance the project. Other funding sources may be required depending on the type of unit designation in the proposed HOME-ARP rental project. Leveraged funds may also be required if NDED determines in underwriting additional funds are necessary to maintain the ongoing financial viability of the project.

Proposed HOME-ARP rental projects, with qualifying population units only, are not required to have leveraged funding but are encouraged to have additional funding sources to help support the project. Points will be awarded to projects with additional leveraged funds. Qualifying population units are eligible for an operating cost assistance reserve. The amount of this reserve will be determined in NDED's underwriting and is subject to the availability of funding. The operating cost assistance reserve (OCAR) is to address the projected deficits of the HOME-ARP units restricted to the qualifying populations during the HOME-ARP compliance period. If available HOME-ARP funding cannot adequately fund an operating cost reserve for units restricted to the qualifying populations, NDED may require the project to establish an operating reserve to ensure financial support for operating deficits during the HOME-ARP compliance period.

Units not restricted to the qualifying populations are not eligible for use of the operating cost assistance reserve and will be required to have other funding sources to address operating deficits for the units. Projects will need to provide at least six (6) months of operating reserves for all other units that are ineligible for the operating cost assistance reserve to support the ongoing viability of those units.

## I. Eligible Activities

Reserves are funded by reimbursement upon documentation of unit completion and proof the reserve amounts have been placed into the required type of account dedicated to the reserves.

### Rent-Up Reserve

- This reserve is meant to meet any anticipated shortfall in project income during the project rent-up period. The reserve cannot exceed 12 months and must be based on the anticipated absorption rate of the units. The reserve can be used only for project operating expenses, scheduled payments to replacement reserves and debt service. Rent-up reserves are to be placed in a separate bank account.

### Operating Cost Assistance Reserve (Qualifying Population units only)

- If determined necessary during the underwriting process, NDED may capitalize an operating cost assistance reserve for HOME-ARP-assisted units restricted for occupancy by qualifying populations. The amount of reserve shall not exceed the amount determined by NDED to be necessary to provide operating costs assistance for HOME-ARP-assisted units restricted for occupancy by qualifying populations for the 15-year HOME-ARP minimum compliance period. The operating cost assistance reserve must be maintained in a separate interest-bearing account.

### Replacement Reserves

- For rehabilitations, a capitalized replacement reserve may be necessary if an assessment of the useful life of major systems is indicating an initial need for the project.

## B. Occupant Requirements:

HOME-ARP rental housing projects must primarily benefit the HOME-ARP qualifying populations (QP) described in Notice CPD-21-10. HOME-ARP funding may be used to assisted in units that are not restricted to the qualifying populations. Proposed HOME-ARP projects are strongly encouraged to have other resources available to help support the household with rent in addition to other supportive services.

Rent for units restricted to low-income households must comply with the rent limitations in [24 CFR 92.252\(a\)](#).

For more detailed information on HOME-ARP rent limits, refer to [HOME-ARP Notice CPD 21-10](#).
