These notices shall satisfy two separate but related procedural requirements for activities to be undertaken by the Nebraska Department of Economic Development.

REQUEST FOR RELEASE OF FUNDS

On or about October 3, 2024 the Nebraska Department of Economic Development (NDED) will submit a request to the U.S. Department of Housing and Urban Development (HUD) for the release of 2019 Community Development Block Grant – Disaster Recovery (CDBG-DR) funds under Public Law 116-20 of the Additional Supplemental Appropriations for Disaster Relief Act 2019, as amended, to undertake a project known as Tallgrass Senior Housing, LP for the purpose of affordable housing project consisting of thirty-four (34) rental units comprised of 2-bedroom rowhome units, configured into four (4) buildings. The project will adhere to the IRS Section 42 Low Income Housing Tax Credit (LIHTC) Program and will primarily benefit low-to-moderate income families at or below 60% of the Area Median Income (AMI). All grading, street, and infrastructure improvements to support the project will be in place in advance of acquisition and construction. The construction activities will not have a significant impact on the public, as the immediate surroundings in all directions of the site are currently vacant. Construction is expected to commence in the fall of 2024. During construction, vacant adjacent ground to the West of the site will be used for construction staging to maximize the efficiency of the procurement and building delivery process. Little vegetation currently exists on the site, but temporary ground cover is present. Where required for construction activity, vegetation will be scraped, but the remainder will be preserved to mitigate erosion. No demolition scope is required for this project. Waste will be managed to minimize volume. This project will utilize pre-engineered, factory constructed framing components, minimizing the volume and cost of wasted structural material. The adjacent staging area will be configured to allow receipt of bulk deliveries, minimizing individual packaging.

The total estimated project cost is approximately \$9,838,395 supported by funding sources of \$2,000,000 in CDBG-DR, a Conventional Loan of \$2,454,952, Nebraska Affordable Housing Tax Credit Equity of \$1,570,936, Federal Tax Credit Equity of \$3,562,506, and a Deferred Developer Fee of \$250,000.

The project will be located at 7001 Capehart Road, Papillion, NE 68133 (Sarpy County).

FINDING OF NO SIGNIFICANT IMPACT

The Nebraska Department of Economic Development (NDED) has determined that the project will have no significant impact on the human environment. Therefore, an Environmental Impact

Statement under the National Environmental Policy Act of 1969 (NEPA) is not required. Additional project information is contained in the Environmental Review Record (ERR) on file at Nebraska Department of Economic Development, 245 Fallbrook Blvd, Suite 002, Lincoln, NE 68521 and may be examined or copied weekdays 8 A.M to 5 P.M.
