About NDOs

NDOs can assist a unit of general local government (UGLG) in the management of a revolving loan fund, and NDOs offer related administrative services.

For more information, contact the DED Program Representative, Tom Stephens, at 402-471-6587 or at email tom.stephens@nebraska.gov

The DED website offers NDO contact information, and other information on NDOs: <https://opportunity.nebraska.gov/program/community-development-block-grant/>

A Non-profit Development Organization (NDO) is a non-profit association or corporation organized under State law to engage in community economic development activities. The NDO enters into an agreement with a local unit of general government -- a community or county and the State to act as a sub-recipient of CDBG Economic Development grants. If a local government wishes to make a loan to a business, the funds can be contractually sub-granted to a NDO, which will make the loan to the business. The Business will be required to achieve a National Objective. If the repayment of that loan is made to the nonprofit organization (NDO) and the nonprofit retains the repayments for further use, repayments are not considered program income (provided the National Objective is met); subsequent loans by the nonprofit entity using those funds do not have to meet any Federal requirements (the "de-federalizing process"). The NDO would then administer the Revolving Loan Fund (RLF) resulting from those repayments in accordance with the terms of their Re-Use Plan which is approved by the DED.
