## 2 Program Overview

---

The Nebraska International Competition Sponsorship Program is an authorized use of funding from SLFRF (Assistance Listing 21.027), which was designed to provide state governments with the resources needed to respond to the COVID-19 pandemic and its economic effects and to build a stronger economy during recovery. SLFRF was established by the American Rescue Plan Act of 2021 (ARPA) signed into law by the President of the United States on March 11, 2021.

In Section 43 of LB 1014, an amount \$500,000 for Fiscal Year 2021-22 was appropriated to the Nebraska Department of Economic Development (DED) in grants pursuant to the purpose of awarding major sponsorship grants for international competitions to be hosted in Nebraska that are recognized by an international governing body.

Nebraska's travel, tourism and hospitality businesses have been significantly impacted by COVID. Moreover, tourism associated with events and conferences has been among the hardest hit segments. International Competitions often bring hundreds of thousands of people into the community and create a huge economic impact for tourism-related businesses such as hotels, restaurants, retail, and several associated services. DED will make an application available to nonprofit organizations for the purpose of working with an international governing body to cover costs associated with supporting an international competition in Nebraska for the year of 2023.

**DED has determined that those receiving grants (“Awardees”) under the Nebraska International Competition Sponsorship Program are Subrecipients.**

A Subrecipient is an entity that receives a subaward to carry out a project funded by SLFRF funds on behalf of the State. Individuals or entities that are direct beneficiaries of a project funded by SLFRF funds are not considered Subrecipients. Households, communities, small businesses, nonprofits, and impacted industries are all potential beneficiaries of projects carried out with SLFRF funds.

The distinction between a Subrecipient and a Beneficiary is contingent upon the rationale for why the State is providing funds to the individual or entity. If the State is providing funds to the individual or entity for the purpose of carrying out a SLFRF program or project on behalf of the State, the individual or entity is acting as a Subrecipient. Conversely, if the State is providing funds to the individual or entity for the purpose of directly benefiting the individual or entity as a result of experiencing a public health impact or negative economic impact, the individual or entity is a Beneficiary. As a Beneficiary, the individual or entity is not subject to Subrecipient monitoring and reporting requirements. As a Subrecipient, the individual or entity is subject to Subrecipient monitoring and reporting requirements.

The terms and conditions of Federal awards flow down to subawards to Subrecipients, requiring Subrecipients to comply with all of the same requirements the State must comply with such as the treatment of eligible uses of funds, procurement, and reporting requirements. Beneficiaries are not subject to the requirements placed on Subrecipients in the Uniform Guidance (2 CFR Part 200), including audit pursuant to the Single Audit Act and 2 CFR Part 200, Subpart F or Subrecipient reporting requirements.

## 3 Eligibility

The Nebraska International Competition Sponsorship Program and any awards made thereunder are funded with federal funds allocated to the State of Nebraska from the federal SLFRF pursuant to the American Rescue Plan Act of 2021 (ARPA). As such, all funds must be used in compliance with section 602(c) of the Social Security Act, 42 U.S.C. § 802(c), 31 C.F.R. Part 35, the U.S. Department of the Treasury regulations implementing that section, all relevant Treasury guidance, and the Federal Award Terms and Conditions. Additionally, the program and use of funds awarded thereunder must comply with the requirements of relevant state statutes and regulations

### 3.1 Eligible Use

Pursuant to 42 U.S.C. § 802(c)(1), awards made by the Nebraska International Competition Sponsorship Program are in response to the public health emergency with respect to COVID-19 or its negative economic impacts, including assistance to households, small businesses, and nonprofits, or aid to impacted industries such as tourism, travel, and hospitality. The purpose of the grant is to sponsor international competitions, that are recognized by an international governing body, to be hosted in Nebraska.

This response is an enumerated eligible use for a presumed impacted industry under [31 CFR Part 35](#). Specifically, 31 CFR § 35.6(b)(3)(ii)(D) provides as an eligible use “assistance to tourism, travel, hospitality, and other impacted industries for programs, services, or capital expenditures.”

### 3.2 Eligible Applicants

The Nebraska International Competition Sponsorship Program grant application will be open to Nebraska-based nonprofit organizations. To qualify, the Nebraska-based nonprofit organizations must be working with a recognized international body that governs, manages and/or oversees an international competition that will be held in Nebraska in 2023; and/or the Nebraska-based nonprofit must be working to attract an international competition that will be held in Nebraska in 2023, and that is governed, managed and/or overseen by an international governing body. Pursuant to the Supplementary Information promulgated with 31 C.F.R. Part 35, the definition of nonprofit includes 501(c)(3) and 501(c)(19) organizations.

### 3.3 Funding Restrictions and Allowable Costs

These funds are intended to support Nebraska-based nonprofit organizations for the purpose of working with an international governing body to cover costs associated with supporting an international competition in Nebraska for the year of 2023.

#### **Duplication of Funds:**

Applicants are required to avoid a duplication of benefits. A duplication of benefits occurs when the amount of the grant exceeds the total identified need. Awardee should conduct an analysis prior to applying for grant funding to determine needs not met by other sources. Listed below are some best practices to determine if there is a duplication of benefits.

#### **Best Practices:**

1. Identify assistance from federal and state government, county agencies, and private or nonprofit charity organizations that Applicants reasonably expect to be in a project or any other ARPA funds reasonably expected to be or have been received.
2. Applicants are required to identify other sources and amounts of covered assistance (sources and uses), and to certify that the grant funds requested does not duplicate other covered assistance that has been received or is reasonably expected to be received.

3. Applicants must agree to repay any assistance later received for the same purpose as the grant funds associated with this grant program.

In applying for and receiving an award, Awardees must adhere to the federal requirement of 2 CFR Part 200, which includes General Provisions of Subpart B, Pre-Award Requirements of Subpart C, Post-Award Requirements in Subpart D, Cost Principles in subpart E, and Audit Requirement found in Subpart F. Allowable costs are based on the premise that Awardees are responsible for the effective administration of Federal awards, application of sound management practices, and administration of Federal funds in a manner consistent with the program objectives and terms and conditions of the award. Awardees must implement robust strong financial management with a system of internal controls and effective monitoring.

Funds may be, but are not required to be, used along with other funding sources for a given project. Note that funds may not be used for a non-Federal cost share or match where prohibited by other Federal programs.

Treasury's Final Rule and guidance and the Uniform Guidance outline the types of costs that are allowable, including certain audit costs. For example, per 2 CFR § 200.425, a reasonably proportionate share of the costs of audits required by the Single Audit Act Amendments of 1996 are allowable. However, costs for audits that were not performed, or not in accordance with 2 CFR Part 200, Subpart F are not allowable. Please see 2 CFR Part 200, Subpart E regarding the Cost Principles for more information.

### 3.4 Award and Potential Matching Requirements

Grants will be awarded for an amount up to \$500,000.00 as stated by State of Nebraska legislation. There is no matching requirement.

## 6 Award Administration

---

### 6.1 Notice of Award

DED issues written Notices of Award (NOA) to Recipients of an award. The NOA will outline the anticipated grant amount. These funds will be reserved for the potential Awardee until the grant agreement is signed by both DED and the Awardee or until such time it is determined that a grant agreement cannot be entered between Awardee and DED.

### 6.2 Grant Agreement Terms and Conditions

Following DED's NOA, DED issues an electronic copy of the Nebraska International Competition Sponsorship Award Agreement via DocuSign. The Nebraska International Competition Sponsorship Award Agreement is entered into between DED and the Awardee. If the Awardee is an organization or other legal entity, an authorized representative of the Awardee must sign the contract.

The Awardee must review, sign, date, and return the agreement via DocuSign to accept Nebraska International Competition Sponsorship Program awards. DED signs the contract after it is signed by the Awardee. Once all parties have signed the agreement, Awardees will be required to provide the [State of Nebraska W-9 and ACH Enrollment Form](#).

Unless otherwise directed, the executed agreement and any special conditions will be available within the GMS, under Tools > Documents.

### 6.3 Award Disbursement

Upon full execution of the agreement and the meeting of any required conditions specified in the contract, the Awardee must submit the First Payment Request.

This award will be disbursed on a reimbursement basis using the GMS. To receive reimbursement, the Awardee must create one expense for each supporting document. Proof of payment must also be included on each expense. Expenses will be tracked against the Awardee's budget line items.

The Awardee will then compile all expenses into a reimbursement Payment Request, which will be submitted to DED. DED may reject the payment request and require resubmission if documentation is incomplete, funds are requested for ineligible costs, match contribution is not sufficient, or other issues are identified. Upon DED's approval of payment requests, DED will disburse grant funds on a reimbursement basis up to the amount detailed in the reimbursement documentation. An email from the AmpliFund Administrator will give notice to the Grant Manager that DED has approved or denied the request for payment. Funds are transferred electronically to the account designated on the State of Nebraska ACH Enrollment Form. If an email address was provided on the State of Nebraska ACH Enrollment Form, it will be notified once the payment has been processed.

Awardees can find detailed instructions for how to submit payment requests in the user guides and other information found in section 8 of this document. Payment of the reimbursement is subject to Awardee's submission of compliance materials (e.g., paid invoices, receipt of expenditures, required supporting documentation, proof of payment, etc.) for review and approval by DED.

"Supporting documentation" includes receipts, invoices, timesheets, etc., with sufficient information to demonstrate the amount of the cost and the allowability, applicability, and reasonableness of the cost.

"Proof of Payment" means canceled checks, bank statement, confirmation of wire or automated clearing house transfer, or similar documentation which provides substantiating evidence that payment has been made as claimed.

The timing of the final disbursement request depends on the Awardee's ability to document expenditure of funds as required in the agreement but should be submitted to DED on or before the end of the contract term.

## 7 Post-Award Management and Implementation

---

### 7.1 Financial Management

Awardees are required to properly manage their financial resources. DED has established a financial management framework that allows for the appropriate recording and reporting of the receipt and expenditures of federal grant funds. Awardees are required to comply with expenditure requirements outlined in 2 CFR Part 200.

### 7.2 Internal Controls

Awardees must agree to comply with applicable laws, regulations and provisions of grant agreements which includes the requirement to maintain internal controls to provide reasonable assurance of compliance with these requirements. Awardee internal control requirements are further outlined in 2 CFR § 200.303.

### 7.3 Cost Sharing and Matching

Federal Cost Sharing and Matching requirements do not apply to the SLFRF Program per U.S. Treasury Guidelines.

### 7.4 Program Income

Generally, program income includes, but is not limited to, income from fees for services performed, the use or rental of real or personal property acquired under Federal awards and principal and interest on loans made with Federal award funds. Program income does not include interest earned on advances of Federal funds, rebates, credits, discounts, or interest on rebates, credits, or discounts. Awardees of SLFRF funds should calculate, document, and record the organization's program income. Additional controls that Awardees should implement include written policies that explicitly identify appropriate allocation methods, accounting standards and principles, compliance monitoring checks for program income calculations, and records. Awardees will report on program income following the reporting procedures enumerated in the grant agreement.

The Uniform Guidance outlines the requirements that pertain to program income at 2 CFR § 200.307. U.S. Treasury clarified in the SLFRF Final Rule Frequently Asked Questions that recipients may add program income to the Federal award. Any program income generated from SLFRF funds must be used for the purpose and under the conditions of the Federal award.

SLFRF Final Rule Frequently Asked Questions can be found at this link:  
<https://home.treasury.gov/system/files/136/SLFRF-Final-Rule-FAQ.pdf>

## 7.5 Insurance

The Awardee must, at a minimum, provide the equivalent insurance coverage for real property and equipment acquired or improved with Federal funds as provided to property owned by the Awardee in accordance with 2 CFR §§ 200.310, 200.311 and 200.313. Awardee must, at a minimum, provide proof of Commercial General Liability Insurance with a minimum limit of not less than \$1,000,000.00 each occurrence and \$2,000,000.00 aggregate.

## 7.6 Real Property and Equipment

Any purchase or improvement of equipment or real property with SLFRF funds must be consistent with the Uniform Guidance at 2 CFR Part 200, Subpart D. Equipment and real property acquired under this program must be used for the originally authorized purpose. Consistent with 2 CFR §§ 200.311 and 200.313, any equipment or real property acquired using SLFRF funds shall vest with the Awardee. Any procurement of equipment or real property must also be in compliance with 2 CFR §§ 200.317-200.327.

## 7.7 Procurement

DED and its Subrecipients are responsible for ensuring that any procurement using award funds, or payments under procurement contracts using such funds are consistent with the procurement standards set forth in the Uniform Guidance at 2 CFR §§ 200.317-200.327, as applicable. For instance, 2 CFR § 200.318 requires subrecipients to:

- (1) To have and use documented procurement procedures;
- (2) Maintain oversight to ensure that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders; and
- (3) Requires and must maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award and administration of contracts.

Please consult 2 CFR Part 200 for additional procurement standards.

The Uniform Guidance requires that all procurement transactions for property or services must be conducted in a manner providing full and open competition, consistent with standards outlined in the procurement standards, which allows for non-competitive procurements only in circumstances where at least one of the conditions below is true: the item is below the micro-purchase threshold; the item is only available from a single source; the public exigency or emergency will not permit a delay from publicizing a competitive solicitation; or after solicitation of a number of sources, competition is determined inadequate. The Uniform Guidance requires an infrastructure for competitive bidding and contractor oversight, including maintaining written standards of conduct and prohibitions on dealing with suspended or debarred parties. Awardees must ensure adherence to all applicable local, State, and federal procurement laws and regulations.

### 7.7.1 Competition and Conflicts of Interest

**Competition** - All written procurement policies will include procedures to conduct all procurement transactions in a manner providing full and open competition consistent with the standards. DED considers “full and open” competition to mean that a complete requirement is publicly solicited (except if specifically, not required) and all responsible sources that are interested in doing so, are permitted to compete.

There are numerous benefits to full and open competition, such as increasing the probability of reasonable pricing from the most qualified contractors and helping discourage and prevent favoritism, collusion, fraud, waste, and abuse.

**Conflict of interest** - In accordance with 2 CFR § 200.112, DED and Awardees must disclose in writing any potential conflict of interest to the Federal awarding agency or pass-through entity in accordance with applicable Federal awarding agency policy. Also, in accordance with 2 CFR § 200.113, DED and Awardees of a Federal award must disclose, in a timely manner, in writing to the Federal awarding agency or DED all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award. Failure to make required disclosures can result in any of the remedies described in 2 CFR § 200.338 Remedies for non-compliance, including suspension or debarment.

**Gifts** – In accordance with the Nebraska Political Accountability and Disclosure Act ([Neb. Rev. St. § 49-1401 et seq.](#)) and its associated [regulations](#), any gift defined as “payment, subscription, advance, forbearance, rendering, or deposit of money, services, or anything of value, unless consideration of equal or greater value is given therefor” given to a public official or a member of a public official’s staff is governed by the restrictions and reporting requirements established therein.
