## About NDOs

For more information about NDOs, contact your Department of Economic Development (DED) Program Representative, Tom Stephens, at 402-471-6587 or at email [tom.stephens@nebraska.gov](mailto:tom.stephens@nebraska.gov)

NDOs listed are in Good Standing with the Nebraska Secretary of State. NDOs are designated as "Active" by DED through June 30, 2025.

A Non-profit Development Organization (NDO) is a non-profit association or corporation organized under State law to engage in community economic development activities. The NDO enters into an agreement with a local government (a village, city or county) and the DED to act as a sub-recipient of Community Development Block Grant (CDBG) funds. If a local government wishes to make a loan to a business, the funds can be contractually sub-granted to a NDO, which will make the loan to the business. The business will be required to achieve a National Objective. If the repayment of that loan is made to the NDO and the NDO retains the repayments for further use, repayments are not considered CDBG "program income" (provided the National Objective is met). Subsequent loans to businesses by the NDO do not have to meet any federal CDBG requirements (as the funds are considered "de-federalized"). The NDO would then administer the Revolving Loan Fund (RLF) resulting from those repayments in accordance with the terms of their Re-Use Plan which is approved by the DED.
